Installation Steps

STEP1 Monitor installation preparation

- Check if the installed monitor has installation holes (with 75x75 or 100x100). If there are no installation holes, the stand cannot be installed. (Note: Some of the display mounting holes are used to install the original fixed base and are detachable.)
- Remove the original fixed base of the monitor (the method varies depending on the monitor). During the entire removal process, please avoid scratching the monitor panel with hard objects.

STEP2-1 Install the Clamping assembly

STEP2-2 Install the Perforated assembly

STEP3 Install the lower arm of the bracket

STEP4 Install the upper arm of the bracket

STEP5 Install the Panel

STEP6 Adjust the monitor

STEP7 Cable Management
